17 Aylesbury Street

London EC1R 0DB

Aylesbury House. Located on a quiet street in Farringdon's design district, this 1930's building boasts many architectural qualities typical of the era. Symmetrical elevations, generous proportions and modernist fixtures characterise the space, which is undergoing a comprehensive refurbishment inside and out. The building comprises 5 floors, which will become only 4 design-led HQ suites managed by Frameworks. Each unit will be self-contained, with private kitchen, breakout and meeting facilities. Unit sizes will range from 12-24 desks, and layout can be customised to suit the bespoke needs of each client.
