

Serviced Office Space UK

The Lambourn

Abingdon OX14 1UJ

Located in Abingdon's premier business location. The wider Business Park comprises office, industrial and retail warehouse space and is ideal for a company HQ, with current occupiers including Giga Clear, Smeg and AA Drivetech. It is located in a perfect position for access to Central London, Birmingham and the southwest. It's just one mile from the A34 and within easy reach of the M40 and M4. Ample on-site parking makes commuting a breeze. Radley station is situated less than three miles away from the office, and buses frequently pass through the area.

Beautifully renovated to create a stunning new working environment within a modern office building. This space has been designed with its members' needs in mind, and flexible office solutions are available for teams of all sizes. A fantastic range of services comes as standard; serviced offices, co-working, dedicated desks, virtual offices, and meeting rooms, equipped with the latest technology and 24/7 access. This space is managed by a professional and friendly team that is always available to support you and your team. Of course, all business essentials are included as standard, including IT support and reception services, including mail handling and the option to have calls answered in your company name. Every detail has been considered so that you can focus on your business.
