The workspace is a new experiential space of modern fulfilment, combining elements of work and leisure in a Grade 1 Listed Georgian Townhouse in Central London. To the centre, modern fulfilment encompasses anything and everything that the space choose to fill their days and nights with in order to make the most of their lives and achieve our full potential. Rather than just work and wellness, think work, wellness & excess. The space is giving life to a space where like-minded people can come to work hard and build a business whilst also having unexpected wild, soulful and nourishing experiences (think meditations, tantric workshops, elaborate mezcal-fuelled dinner parties, all day/all night raves with world renowned DJs). In addition, the workspace allows clients to have 24 hours access in 7 days of the week. There are lounges and breakout areas where you can take a break during a hectic workday.
